

January 11, 2016

MEMORANDUM

TO: District Board of Trustees
FROM: Jim Murdaugh, President 
SUBJECT: 16-17 Collegiate High School Agreements

Item Description

This item requests board approval for the 16-17 Collegiate High School Agreements between the College and the public school districts in TCC's service district.

Overview and Background

In compliance with Florida Statute 1007.273, the members of the Articulation Councils of TCC and the three public school districts met for the annual review of the collegiate high school agreements. The agreements identify College and School District responsibilities for maintaining the Collegiate High School program. The Collegiate High School is funded based on the current dual enrollment formula. Per statute, TCC assesses the standard rate of tuition for courses on TCC's main campus. There are no charges for courses offered on the high school campus taught by qualified high school faculty.

The Collegiate High School program is another option for dual enrollment which allows high school students who are college ready in all subject areas and have a 3.5 or better unweighted high school GPA to enroll in at least 12 hours each semester at TCC. Students are allowed to take classes on the high school campus, at TCC's main campus, and online. Students are advised regarding their educational major and transfer institution. TCC works with the high school guidance counselors to make sure that the students are on track for success at both institutions.

Regular dual enrollment (3 to 11 hours a semester) and early admission remain as options for qualified high school students.

Past Actions by the Board

The Board approves Collegiate High School agreements for each district annually.

Funding/Financial Implications

Funding will be the same as for current dual enrollment students. TCC and the school district will assume some direct and indirect costs in compliance with statute.

Staff Resource

Feleccia Moore-Davis

Recommended Action

Approve the 16-17 Collegiate High School agreements.

COLLEGIATE HIGH SCHOOL PROGRAM

Tallahassee Community College and Gadsden County School Board

Introduction

The Collegiate High School Program Contract, as required by Section 1007.273(3), Florida Statutes, is made by and between the District Board of Trustees of Tallahassee Community College, hereinafter referred to as TCC, and the District School Board of Gadsden County, hereinafter referred to as the School Board.

The term of this Agreement shall be June 1, 2016 until May 31, 2017. Students may enroll in the Summer 2016 B Session.

The local Articulation Committee shall consist of the following: Committee members from the School Board will be appointed by the Superintendent of the School Board or designee. Committee members from TCC will be appointed by the President of TCC or designee.

I. A ratification or modification of all existing collegiate high school agreements

This agreement replaces any existing agreement with TCC and the School Board regarding the Collegiate High School Program Contract.

II. Identify grade levels to be included in the collegiate high school program

Eligible grades 11 and 12 students shall have access to the Collegiate High School Program. Qualified students may begin taking courses during the Summer B term immediately following the conclusion of their sophomore year. Other grade levels would need written permission from the Deputy Superintendent.

III. Description of the collegiate high school program, including the delineation of courses and industry certifications offered, including online course availability; high school and college credits earned for each postsecondary course completed and industry certifications earned; student eligibility criteria; and the enrollment process and relevant deadlines

The program will allow eligible students to complete a minimum of 30 credit hours. All TCC courses listed on the 2015-2016 State Board of Education Dual Enrollment Equivalency List are available to students. Appendix A lists the courses available to

students, high school credit, and college credit earned for each course. Students may take courses on the main campus of TCC, on the High School campus, and/or online.

Industry Certifications

TCC courses leading to industry certifications are available to students. The courses are listed in Appendix B.

Students who earn industry certifications in high school may be eligible to earn college credit for the industry certification. The industry certification must have been earned in the past 18 months at the time the student enrolls in the Collegiate High School Program. Appendix B contains a list of the college credit that is available for industry certifications earned in high school.

Student Eligibility

- Students must have a 3.5 unweighted high school GPA at the completion of their sophomore year. A GPA waiver will be given to students with a 3.25 to 3.49 unweighted high school GPA at the discretion of the high school principal or designee. The GPA waiver form must be completed and signed by the high school principal or designee at the time the Collegiate High School Program application is submitted.
- Students must be college ready in reading, writing, and mathematics based on eligible scores on the PERT, ACT, or SAT. Scores must be less than two years old at the time of enrollment.
- Students must maintain a 3.5 unweighted high school GPA to remain in the program. Students with a GPA waiver form must maintain an unweighted high school GPA between 3.25 and 3.49 to remain eligible. A waiver form is required each semester a student's high school GPA falls below 3.5.
- Students must maintain a 3.0 TCC GPA and a 75% successful completion rate in order to remain in the program. There are no exceptions.

Enrollment Process

- Students must submit a TCC College Application.
- Students must submit a TCC Collegiate High School Program Application.
- Students must submit an official high school transcript.
- Students must submit official PERT, ACT, or SAT test scores.
- Students must submit a signed student performance contract.
- Students and parents must complete an advising session.

Deadline

- Applications and supporting documents are due by May 30, 2016.

IV. Description of the methods, medium, and process by which students and their parents are annually informed about the availability of the collegiate high school program, the return on investment associated with participation in the program, and the information described in paragraphs (I) and (II)

TCC will work collaboratively with the School Board to jointly provide information to students and their parents through information sessions. TCC will also provide information via the TCC website and through flyers. TCC shall work with the high school to communicate directly with parents and students about the Collegiate High School Program.

The return on investment associated with participation in the program will be listed in a flyer. The flyer will show that students have the opportunity to earn 30 credit hours at no cost to the student. Traditional college students pay \$100.83 per credit hour which is \$3,024.90 for a total of 30 credit hours. The average cost of textbooks is \$150.00 per course which is covered by the high school.

V. Identification of the delivery methods for instruction and the instructors for all courses

All online courses and main campus courses that are included in Appendix A are available to the Collegiate High School Program students. All TCC instructors teaching online and main campus courses will be eligible to deliver instruction to the Collegiate High School Program students.

Courses that are offered on the high school campus will be taught by high school instructors who meet TCC's faculty credentials for teaching college level courses and have been interviewed by and approved by the appropriate TCC Dean or in some cases by TCC instructors. A list of the high school instructors is provided in Appendix C. Specific instructors may not be established at the time of this Agreement. Thus, an addendum to this Agreement will be added for each semester to specify high school course instructors.

VI. Identification of student advising services and progress monitoring mechanisms

TCC shall provide advising services to students participating in the Collegiate High School Program. TCC will designate a specific advisor to work with each student in the Collegiate High School. TCC will also work collaboratively with high school guidance counselors to provide guidance to students. TCC and the high school guidance counselors will jointly work to monitor the progress of students. TCC will use TCC's Starfish System to provide early alerts and progress surveys for students in the Collegiate High School Program. Both TCC and the School Board will ensure that students and their parents understand the amount of work necessary to succeed in college courses.

VII. Description of a program review and reporting mechanism regarding student performance outcomes

TCC's Office of Institutional Effectiveness will provide an annual program review. TCC's Office of Institutional Effectiveness will also provide relevant data regarding student performance outcomes annually to appropriate college and high school personnel. TCC's Office of Academic Affairs will monitor and ensure quality and consistency. TCC's Office of Academic Affairs will ensure that all faculty are evaluated during the academic year. An academic dean or designee will make a classroom visit after which a written evaluation will be provided to the Collegiate High School Program faculty member for his/her signature. The evaluation will be maintained on file by TCC.

VIII. Terms of funding arrangements to implement the collegiate high school program

Collegiate High School Program students shall be exempt from paying registration, matriculation, and laboratory fees.

Textbook Costs & ADA Accommodation Costs

Textbooks and electronic access to textbooks will be provided to students by the School Board. Textbooks purchased by the School Board shall remain the property of the School Board as specified in Section 1007.271 (17), F.S. TCC will continue its efforts to reduce the cost of textbooks and materials to the School Board. The costs of ADA accommodations for Collegiate High School Program students with disabilities taking courses on TCC's campus will be covered by TCC. The costs of ADA accommodations for Collegiate High School Program students with disabilities taking courses on the high school campus will be covered by the School Board.

Standard Tuition Rate

According to 1007.273(6) and 1007.271, F.S., the School Board is required to pay the standard tuition rate per credit hour to TCC for instruction taking place on the college campus for dual enrolled students. The approved standard tuition for FY 2015-2016 is \$71.98 per credit hour and \$2.33 per contact hour for career certificate programs. The rate will be charged for courses taking place on TCC's main campus, TCC's educational centers, and distance learning courses.

TCC will not charge tuition to the School Board for Summer dual enrollment students. TCC also will not limit participation based upon capacity, F.S. 1007.271(4) in any term.

TCC will use the fees collected to enhance the Collegiate High School Program. TCC will promote Collegiate High School Program participation, increase capacity, and

enrich the quality of services associated with the Collegiate High School Program. The School Board's payment of tuition to TCC will increase the number of counselors available to the Collegiate High School Program in order to help prepare students for transition to college, to counsel students in meta-majors and programs of study, and to track and provide feedback to students on their progress. TCC will also provide high school faculty and counselor training for dual enrollment.

Instructional Costs

It is the responsibility of the School Board to provide full instructional costs for Collegiate High School Program courses occurring on the high school site. For instruction occurring on the high school sites by college faculty, the School Board must reimburse TCC for the costs associated with the proportion of salary and benefits.

TCC cannot guarantee the availability of instructors for Collegiate High School Program offered at the high school. Schools can assist TCC by recommending qualified School Board instructors for consideration for teaching Collegiate High School Program courses offered at the high school.

TCC regularly uses high school faculty to teach both dual enrollment and regular TCC courses and incorporates training, mentoring, and assessment of these faculty into its regular adjunct program. Therefore, TCC's costs associated with instruction occurring on the high school site by TCC approved high school faculty who are paid by the School Board will be considered a normal part of TCC's obligation to its faculty for training and mentoring; no costs will be assessed.

Invoicing for Financial Obligations

TCC will invoice the School Board for financial obligations within 10 business days of TCC's Census date which is normally the 5th day of class each semester.

IN WITNESS WHEREOF, the School Board of Gadsden County, Florida and The District Board of Trustees, Tallahassee Community College, Florida have adopted this agreement and caused it to be executed by their respective chairs and chief executive officers, in accordance with Section 1007.273, F.S., Collegiate High School Program Contract.

Appendix A

2015-2016 Dual Enrollment Course – High School Subject Area Equivalency List for Tallahassee Community College Courses

This list should not be interpreted as the total number of dual enrollment courses available. Current law allows for any course in the Statewide Course Numbering System, with the exception of remedial courses and Physical Education skills courses, to be offered as dual enrollment. Three-credit (or equivalent) postsecondary courses taken through dual enrollment that are not listed below shall be awarded at least 0.5 high school credits (postsecondary courses offered for fewer than three (3) credits may earn less than 0.5 high school credit), either as an elective or subject area credit as designated in the local dual enrollment articulation agreement.

Any upper-level (3000-4000) postsecondary course that uses as a prerequisite one of the courses on this list that are awarded 1.0 high school credit shall also receive 1.0 high school credit.

HUN2270	Introduction to Sports Nutrition	3	Physical Education: Personal Fitness	0.5

SCIENCE

Criteria for Awarding High School Subject Area Credit in Science:

- Since all high school science courses (with lab) are awarded 1.0 high school science credits, then all college-level dual enrollment science courses (with lab) will be awarded 1.0 high school science credits.
- College-level dual enrollment science course **taken without a lab component** will be awarded 0.5 high school science credits.
- Note: Section 1003.428(2)(a)3, Florida Statutes, states that high school graduation requirements include successful completion of “Three credits in science, two of which must have a laboratory component.” Regardless of the number of science credits earned through dual enrollment, the requirement of two sciences **with a lab component** must be met to graduate.

Section 1003.428, Florida Statutes, requires three credits in science. One of the three credits must be Biology I or a series of courses equivalent to Biology I, one credit must be chemistry or physics or a series of courses equivalent to chemistry or physics, and one credit must be an equally rigorous course.

Biology I. Faculty reviewers have determined that the content in the sequence of BSCx010 and BSCx011 is comparable to the standards for Biology I and therefore may be used as preparation for the associated End-of-Course (EOC) assessment. BSCx010 and BSCx011 each may be assigned as an “equally rigorous” science course, but both must be completed for equivalency to Biology I and as preparation for Biology I EOC.

TCC Course	TCC Course Title	TCC Credit Hours	High School Graduation Subject Requirement Satisfied	High School Credit Awarded

PSC1121	Introduction to Physical Sciences	3	Equally Rigorous	0.5

SOCIAL STUDIES

Social studies requirements for high school graduation in Florida are prescribed by statute. Unless indicated on the list below, **all college social science courses taken through dual enrollment receive elective credit.**

United States History. Faculty reviewers have determined that the content in the sequence of AMHx010 and AMHx020 is comparable to the standards for United States History and therefore may be used as preparation for the associated End-Of-Course (EOC) assessment. For any other AMH course or set of courses taken through dual enrollment, the school district and postsecondary institution may determine if that course or set of courses may be used as preparation for the U.S. History EOC. The AMH courses on this list, or those designated by the school district, may each satisfy 0.5 U.S. History credits toward high school graduation.

Economics. Section 1003(4282(3)(d), FS, requires one-half credit in economics, which must include financial literacy. The district and college will determine if the local postsecondary economics course meets this requirement.

TCC Course	TCC Course Title	TCC Credit Hours	High School Graduation Subject Requirement Satisfied	High School Credit Awarded
AMH2010	History of the United States I	3	Social Studies: United States History (EOC)	0.5

WHO2012	History of Civilization I	3	Social Studies: World History	0.5
WHO2022	History of Civilization II	3	Social Studies: World History	0.5

PRACTICAL ARTS AND CAREER CREDIT

All postsecondary courses taken through dual enrollment for three credits or higher that are part of a postsecondary career/technical program of study (Technical Certificate, Advanced Technical Certificate, ATD, AAS, AS) shall be awarded at least 0.5 elective credits toward high school graduation.

Appendix C

All TCC Faculty will be teaching Collegiate High School Program students taking courses online or on TCC's Main Campus.

Courses taught on the high school campus consist of the following:

Course	Instructor	Delivery Method

COLLEGIATE HIGH SCHOOL PROGRAM

Tallahassee Community College and Leon County School Board

Introduction

The Collegiate High School Program Contract, as required by Section 1007.273(3), Florida Statutes, is made by and between the District Board of Trustees of Tallahassee Community College, hereinafter referred to as TCC, and the District School Board of Leon County, hereinafter referred to as the School Board.

The term of this Agreement shall be June 1, 2016 until May 31, 2017. Students may enroll in the Summer 2016 B Session.

The local Articulation Committee shall consist of the following: Committee members from the School Board will be appointed by the Superintendent of the School Board or designee. Committee members from TCC will be appointed by the President of TCC or designee.

I. A ratification or modification of all existing collegiate high school agreements

This agreement replaces any existing agreement with TCC and the School Board regarding the Collegiate High School Program Contract.

II. Identify grade levels to be included in the collegiate high school program

Eligible grade 12 students shall have access to the Collegiate High School Program. Qualified students may begin taking courses during the Summer B term immediately following the conclusion of their junior year.

III. Description of the collegiate high school program, including the delineation of courses and industry certifications offered, including online course availability; high school and college credits earned for each postsecondary course completed and industry certifications earned; student eligibility criteria; and the enrollment process and relevant deadlines

The program will allow eligible students to complete a minimum of 30 credit hours. All TCC courses listed on the 2015-2016 State Board of Education Dual Enrollment Equivalency List are available to students. Appendix A lists the courses available to students, high school credit, and college credit earned for each course. Students may take courses on the main campus of TCC, on the High School campus, and/or online.

Industry Certifications

TCC courses leading to industry certifications are available to students. The courses are listed in Appendix B.

Students who earn industry certifications in high school may be eligible to earn college credit for the industry certification. The industry certification must have been earned in the past 18 months at the time the student enrolls in the Collegiate High School Program. Appendix B contains a list of the college credit that is available for industry certifications earned in high school.

Student Eligibility

- Students must have a 3.5 unweighted high school cumulative GPA at the completion of their junior year. A GPA waiver will be given to students to students with a 3.45 to 3.49 unweighted high school GPA at the discretion of the high school principal or designee. The GPA waiver form must be completed and signed by the high school principal or designee at the time the Collegiate High School Program application is submitted.
- Students must be college ready in reading, writing, and mathematics based on eligible scores on the PERT, ACT, or SAT. Scores must be less than two years old at the time of enrollment. Students may use a combination of scores on the PERT, ACT, or SAT to demonstrate eligibility.
- Students must maintain a 3.0 TCC GPA and a 75% successful completion rate in order to remain in the program. There are no exceptions.

Enrollment Process

- Students must submit a TCC College Application.
- Students must submit a TCC Collegiate High School Program Application.
- Students must submit an official high school transcript.
- Students must submit official PERT, ACT, or SAT test scores.
- Students must submit a signed student performance contract.
- Students and parents must complete an advising session.

Deadline

- Applications and supporting documents are due by May 30, 2016.

IV. Description of the methods, medium, and process by which students and their parents are annually informed about the availability of the collegiate high school program, the return on investment associated with participation in the program, and the information described in paragraphs (I) and (II)

TCC will work collaboratively with the School Board to jointly provide information to students and their parents through information sessions. TCC will also provide information via the TCC website and through flyers. TCC shall work with the high school to communicate directly with parents and students about the Collegiate High School Program.

The return on investment associated with participation in the program will be listed in a flyer. The flyer will show that students have the opportunity to earn 30 credit hours at no cost to the student. Traditional college students pay \$100.83 per credit hour which is \$3,024.90 for a total of 30 credit hours. The average cost of textbooks is \$150.00 per course which is covered by the high school.

V. Identification of the delivery methods for instruction and the instructors for all courses

All online courses and main campus courses that are included in Appendix A are available to the Collegiate High School Program students. All TCC instructors teaching online and main campus courses will be eligible to deliver instruction to the Collegiate High School Program students.

Courses that are offered on the high school campus will be taught by high school instructors who meet TCC's faculty credentials for teaching college level courses and have been interviewed by and approved by the appropriate TCC Dean or in some cases by TCC instructors. A list of the high school instructors is provided in Appendix C. Specific instructors may not be established at the time of this Agreement. Thus, an addendum to this Agreement will be added for each semester to specify high school course instructors.

VI. Identification of student advising services and progress monitoring mechanisms

TCC shall provide advising services to students participating in the Collegiate High School Program. TCC will designate a specific advisor to work with each student in the Collegiate High School. TCC will also work collaboratively with high school guidance counselors to provide guidance to students. TCC and the high school guidance counselors will jointly work to monitor the progress of students. TCC will use TCC's Starfish System to provide early alerts and progress surveys for students in the Collegiate High School Program. Both TCC and the School Board will ensure that students and their parents understand the amount of work necessary to succeed in college courses.

VII. Description of a program review and reporting mechanism regarding student performance outcomes

TCC's Office of Institutional Effectiveness will provide an annual program review. TCC's Office of Institutional Effectiveness will also provide relevant data regarding student performance outcomes annually to appropriate college and high school personnel. TCC's Office of Academic Affairs will monitor and ensure quality and consistency.

TCC's Office of Academic Affairs will ensure that all faculty are evaluated during the academic year. An academic dean or designee will make a classroom visit after which a written evaluation will be provided to the Collegiate High School Program faculty member for his/her signature. The evaluation will be maintained on file by TCC.

VIII. Terms of funding arrangements to implement the collegiate high school program

Collegiate High School Program students shall be exempt from paying registration, matriculation, and laboratory fees.

Textbook Costs & ADA Accommodation Costs

Textbooks and electronic access to textbooks will be provided to students by the School Board. Textbooks purchased by the School Board shall remain the property of the School Board as specified in Section 1007.271 (17), F.S. TCC will continue its efforts to reduce the cost of textbooks and materials to the School Board. The costs of ADA accommodations for Collegiate High School Program students with disabilities taking courses on TCC's campus will be covered by TCC. The costs of ADA accommodations for Collegiate High School Program students with disabilities taking courses on the high school campus will be covered by the School Board.

Standard Tuition Rate

According to 1007.273(6) and 1007.271, F.S., the School Board is required to pay the standard tuition rate per credit hour to TCC for instruction taking place on the college campus for dual enrolled students. The approved standard tuition for FY 2015-2016 is \$71.98 per credit hour and \$2.33 per contact hour for career certificate programs. The rate will be charged for courses taking place on TCC's main campus, TCC's educational centers, and distance learning courses.

TCC will not charge tuition to the School Board for Summer dual enrollment students. TCC also will not limit participation based upon capacity, F.S. 1007.271(4) in any term.

TCC will use the fees collected to enhance the Collegiate High School Program. TCC

will promote Collegiate High School Program participation, increase capacity, and enrich the quality of services associated with the Collegiate High School Program. The School Board's payment of tuition to TCC will increase the number of counselors available to the Collegiate High School Program in order to help prepare students for transition to college, to counsel students in meta-majors and programs of study, and to track and provide feedback to students on their progress. TCC will also provide high school faculty and counselor training for dual enrollment.

Instructional Costs

It is the responsibility of the School Board to provide full instructional costs for Collegiate High School Program courses occurring on the high school site. For instruction occurring on the high school sites by college faculty, the School Board must reimburse TCC for the costs associated with the proportion of salary and benefits.

TCC cannot guarantee the availability of instructors for Collegiate High School Program offered at the high school. Schools can assist TCC by recommending qualified School Board instructors for consideration for teaching Collegiate High School Program courses offered at the high school.

TCC regularly uses high school faculty to teach both dual enrollment and regular TCC courses and incorporates training, mentoring, and assessment of these faculty into its regular adjunct program. Therefore, TCC's costs associated with instruction occurring on the high school site by TCC approved high school faculty who are paid by the School Board will be considered a normal part of TCC's obligation to its faculty for training and mentoring; no costs will be assessed.

Invoicing for Financial Obligations

TCC will invoice the School Board for financial obligations within 10 business days of TCC's Census date which is normally the 5th day of class each semester.

IN WITNESS WHEREOF, the School Board of Leon County, Florida and The District Board of Trustees, Tallahassee Community College, Florida have adopted this agreement and caused it to be executed by their respective chairs and chief executive officers, in accordance with Section 1007.273, F.S., Collegiate High School Program Contract.

Appendix A

2015-2016 Dual Enrollment Course – High School Subject Area Equivalency List for Tallahassee Community College Courses

***** Students will choose courses based on their graduation requirements which will be different for various cohorts.*****

This list should not be interpreted as the total number of dual enrollment courses available. Current law allows for any course in the Statewide Course Numbering System, with the exception of remedial courses and Physical Education skills courses, to be offered as dual enrollment. Three-credit (or equivalent) postsecondary courses taken through dual enrollment that are not listed below shall be awarded at least 0.5 high school credits (postsecondary courses offered for fewer than three (3) credits may earn less than 0.5 high school credit), either as an elective or subject area credit as designated in the local dual enrollment articulation agreement.

Any upper-level (3000-4000) postsecondary course that uses as a prerequisite one of the courses on this list that are awarded 1.0 high school credit shall also receive 1.0 high school credit.

ENGLISH

TCC Course	TCC Course Title	TCC Credit Hours	High School Graduation Subject Requirement Satisfied	High School Credit Awarded
AML2301	Major American Writers	3	English	1.0

SCIENCE

Criteria for Awarding High School Subject Area Credit in Science:

- Since all high school science courses (with lab) are awarded 1.0 high school science credits, then all college-level dual enrollment science courses (with lab) will be awarded 1.0 high school science credits.

- College-level dual enrollment science course **taken without a lab component** will be awarded 0.5 high school science credits.

- Note: Section 1003.428(2)(a)3, Florida Statutes, states that high school graduation requirements include successful completion of “Three credits in science, two of which must have a laboratory component.” Regardless of the number of science credits earned through dual enrollment, the requirement of two sciences **with a lab component** must be met to graduate.

Section 1003.428, Florida Statutes, requires three credits in science. One of the three credits must be Biology I or a series of courses equivalent to Biology I, one credit must be chemistry or physics or a series of courses equivalent to chemistry or physics, and one credit must be an equally rigorous course.

Biology I. Faculty reviewers have determined that the content in the sequence of BSCx010 and BSCx011 is comparable to the standards for Biology I and therefore may be used as preparation for the associated End-of-Course (EOC) assessment. BSCx010 and BSCx011 each may be assigned as an “equally rigorous” science course, but both must be completed for equivalency to Biology I and as preparation for Biology I EOC.

TCC Course	TCC Course Title	TCC Credit Hours	High School Graduation Subject Requirement Satisfied	High School Credit Awarded

SOCIAL STUDIES

Social studies requirements for high school graduation in Florida are prescribed by statute. Unless indicated on the list below, **all college social science courses taken through dual enrollment receive elective credit.**

United States History. Faculty reviewers have determined that the content in the sequence of AMHx010 and AMHx020 is comparable to the standards for United States History and therefore may be used as preparation for the associated End-Of-Course (EOC) assessment. For any other AMH course or set of courses taken through dual enrollment, the school district and postsecondary institution may determine if that course or set of courses may be used as preparation for the U.S. History EOC. The AMH courses on this list, or those designated by the school district, may each satisfy 0.5 U.S. History credits toward high school graduation.

Economics. Section 1003(4282(3)(d), FS, requires one-half credit in economics, which must include financial literacy. The district and college will determine if the local postsecondary economics course meets this requirement.

TCC Course	TCC Course Title	TCC Credit Hours	High School Graduation Subject Requirement Satisfied	High School Credit Awarded
AMH2010	History of the United States I	3	Social Studies: United States History (EOC)	0.5

PRACTICAL ARTS AND CAREER CREDIT

All postsecondary courses taken through dual enrollment for three credits or higher that are part of a postsecondary career/technical program of study (Technical Certificate, Advanced Technical Certificate, ATD, AAS, AS) shall be awarded at least 0.5 elective credits toward high school graduation.

Appendix C

All TCC Faculty will be teaching Collegiate High School Program students taking courses online or on TCC's Main Campus.

Courses taught on the high school campus consist of the following:

Course	Instructor	Delivery Method

COLLEGIATE HIGH SCHOOL PROGRAM

Tallahassee Community College and Wakulla County School Board

Introduction

The Collegiate High School Program Contract, as required by Section 1007.273(3), Florida Statutes, is made by and between the District Board of Trustees of Tallahassee Community College, hereinafter referred to as TCC, and the District School Board of Wakulla County, hereinafter referred to as the School Board.

The term of this Agreement shall be June 1, 2016 until May 31, 2017. Students may enroll in the Summer 2016 B Session.

The local Articulation Committee shall consist of the following: Committee members from the School Board will be appointed by the Superintendent of the School Board or designee. Committee members from TCC will be appointed by the President of TCC or designee.

I. A ratification or modification of all existing collegiate high school agreements

This agreement replaces any existing agreement with TCC and the School Board regarding the Collegiate High School Program Contract.

II. Identify grade levels to be included in the collegiate high school program

Eligible grade 12 students shall have access to the Collegiate High School Program. Qualified students may begin taking courses during the Summer B term immediately following the conclusion of their junior year.

III. Description of the collegiate high school program, including the delineation of courses and industry certifications offered, including online course availability; high school and college credits earned for each postsecondary course completed and industry certifications earned; student eligibility criteria; and the enrollment process and relevant deadlines

The program will allow eligible students to complete a minimum of 30 credit hours. All TCC courses listed on the 2015-2016 State Board of Education Dual Enrollment Equivalency List are available to students. Appendix A lists the courses available to students, high school credit, and college credit earned for each course. Students may

take courses on the main campus of TCC, on the Wakulla High School campus, and/or online.

Industry Certifications

TCC courses leading to industry certifications are available to students. The courses are listed in Appendix B.

Students who earn industry certifications in high school may be eligible to earn college credit for the industry certification. The industry certification must have been earned in the past 18 months at the time the student enrolls in the Collegiate High School Program. Appendix B contains a list of the college credit that is available for industry certifications earned in high school.

Student Eligibility

- Students must have a 3.5 unweighted high school GPA at the completion of their junior year. Students must be college ready in reading, writing, and mathematics based on eligible scores on the PERT, ACT, or SAT. Scores must be less than two years old at the time of enrollment.
- Students must maintain a 3.5 unweighted high school GPA to remain in the program. Students must maintain a 3.0 TCC GPA and a 75% successful completion rate in order to remain in the program. There are no exceptions.

Enrollment Process

- Students must submit a TCC College Application.
- Students must submit a TCC Collegiate High School Program Application.
- Students must submit an official high school transcript.
- Students must submit official PERT, ACT, or SAT test scores.
- Students must submit a signed student performance contract.
- Students and parents must complete an advising session.

Deadline

- Applications and supporting documents are due by May 30, 2016.

IV. Description of the methods, medium, and process by which students and their parents are annually informed about the availability of the collegiate high school program, the return on investment associated with participation in the program, and the information described in paragraphs (I) and (II)

TCC will work collaboratively with the School Board to jointly provide information to students and their parents through information sessions. TCC will also provide information via the TCC website and through flyers. TCC shall work with the high school to communicate directly with parents and students about the Collegiate High School Program.

The return on investment associated with participation in the program will be listed in a flyer. The flyer will show that students have the opportunity to earn 30 credit hours at no cost to the student. Traditional college students pay \$100.83 per credit hour which is \$3,024.90 for a total of 30 credit hours. The average cost of textbooks is \$150.00 per course which is covered by the high school.

V. Identification of the delivery methods for instruction and the instructors for all courses

All online courses and main campus courses that are included in Appendix A are available to the Collegiate High School Program students. All TCC instructors teaching online and main campus courses will be eligible to deliver instruction to the Collegiate High School Program students.

Courses that are offered on the high school campus will be taught by high school instructors who meet TCC's faculty credentials for teaching college level courses and have been interviewed by and approved by the appropriate TCC Dean or in some cases by TCC instructors. A list of the high school instructors is provided in Appendix C. Specific instructors may not be established at the time of this Agreement. Thus, an addendum to this Agreement will be added for each semester to specify high school course instructors.

VI. Identification of student advising services and progress monitoring mechanisms

TCC shall provide advising services to students participating in the Collegiate High School Program. TCC will designate a specific advisor to work with each student in the Collegiate High School. TCC will also work collaboratively with high school guidance counselors to provide guidance to students. TCC and the high school guidance counselors will jointly work to monitor the progress of students. TCC will use TCC's Starfish System to provide early alerts and progress surveys for students in the Collegiate High School Program. Both TCC and the School Board will ensure that students and their parents understand the amount of work necessary to succeed in college courses.

VII. Description of a program review and reporting mechanism regarding student performance outcomes

TCC's Office of Institutional Effectiveness will provide an annual program review. TCC's Office of Institutional Effectiveness will also provide relevant data regarding student performance outcomes annually to appropriate college and high school personnel. TCC's Office of Academic Affairs will monitor and ensure quality and consistency. TCC's Office of Academic Affairs will ensure that all faculty are evaluated during the academic year. An academic dean or designee will make a classroom visit after which a written evaluation will be provided to the Collegiate High School Program faculty member for his/her signature. The evaluation will be maintained on file by TCC.

VIII. Terms of funding arrangements to implement the collegiate high school program

Collegiate High School Program students shall be exempt from paying registration, matriculation, and laboratory fees.

Textbook Costs & ADA Accommodation Costs

Textbooks and electronic access to textbooks will be provided to students by the School Board. Textbooks purchased by the School Board shall remain the property of the School Board as specified in Section 1007.271 (17), F.S. TCC will continue its efforts to reduce the cost of textbooks and materials to the School Board. The costs of ADA accommodations for Collegiate High School Program students with disabilities taking courses on TCC's campus will be covered by TCC. The costs of ADA accommodations for Collegiate High School Program students with disabilities taking courses on the high school campus will be covered by the School Board.

Standard Tuition Rate

According to 1007.273(6) and 1007.271, F.S., the School Board is required to pay the standard tuition rate per credit hour to TCC for instruction taking place on the college campus for dual enrolled students. The approved standard tuition for FY 2015-2016 is \$71.98 per credit hour and \$2.33 per contact hour for career certificate programs. The rate will be charged for courses taking place on TCC's main campus, TCC's educational centers, and distance learning courses.

TCC will not charge tuition to the School Board for Summer dual enrollment students. TCC also will not limit participation based upon capacity, F.S. 1007.271(4) in any term.

TCC will use the fees collected to enhance the Collegiate High School Program. TCC will promote Collegiate High School Program participation, increase capacity, and

enrich the quality of services associated with the Collegiate High School Program. The School Board's payment of tuition to TCC will increase the number of counselors available to the Collegiate High School Program in order to help prepare students for transition to college, to counsel students in meta-majors and programs of study, and to track and provide feedback to students on their progress. TCC will also provide high school faculty and counselor training for dual enrollment.

Instructional Costs

It is the responsibility of the School Board to provide full instructional costs for Collegiate High School Program courses occurring on the high school site. For instruction occurring on the high school sites by college faculty, the School Board must reimburse TCC for the costs associated with the proportion of salary and benefits.

TCC cannot guarantee the availability of instructors for Collegiate High School Program offered at the high school. Schools can assist TCC by recommending qualified School Board instructors for consideration for teaching Collegiate High School Program courses offered at the high school.

TCC regularly uses high school faculty to teach both dual enrollment and regular TCC courses and incorporates training, mentoring, and assessment of these faculty into its regular adjunct program. Therefore, TCC's costs associated with instruction occurring on the high school site by TCC approved high school faculty who are paid by the School Board will be considered a normal part of TCC's obligation to its faculty for training and mentoring; no costs will be assessed.

Invoicing for Financial Obligations

TCC will invoice the School Board for financial obligations within 10 business days of TCC's Census date which is normally the 5th day of class each semester.

IN WITNESS WHEREOF, the School Board of Wakulla County, Florida and The District Board of Trustees, Tallahassee Community College, Florida have adopted this agreement and caused it to be executed by their respective chairs and chief executive officers, in accordance with Section 1007.273, F.S., Collegiate High School Program Contract.

Appendix A

2015-2016 Dual Enrollment Course – High School Subject Area Equivalency List for Tallahassee Community College Courses

This list should not be interpreted as the total number of dual enrollment courses available. Current law allows for any course in the Statewide Course Numbering System, with the exception of remedial courses and Physical Education skills courses, to be offered as dual enrollment. Three-credit (or equivalent) postsecondary courses taken through dual enrollment that are not listed below shall be awarded at least 0.5 high school credits (postsecondary courses offered for fewer than three (3) credits may earn less than 0.5 high school credit), either as an elective or subject area credit as designated in the local dual enrollment articulation agreement.

Any upper-level (3000-4000) postsecondary course that uses as a prerequisite one of the courses on this list that are awarded 1.0 high school credit shall also receive 1.0 high school credit.

ENGLISH

TCC Course	TCC Course Title	TCC Credit Hours	High School Graduation Subject Requirement Satisfied	High School Credit Awarded
AML2301	Major American Writers	3	English	1.0

PHYSICAL EDUCATION

Please note: These courses only satisfy personal fitness, students must still complete another 0.5 credit physical education elective course to complete the 1.0 credit physical education graduation requirement.

TCC Course	TCC Course Title	TCC Credit Hours	High School Graduation Subject Requirement Satisfied	High School Credit Awarded
HSC1100	Concepts of Positive Living	3	Physical Education: Personal Fitness	0.5
HUN2270	Introduction to Sports Nutrition	3	Physical Education: Personal Fitness	0.5

SCIENCE

Criteria for Awarding High School Subject Area Credit in Science:

- Since all high school science courses (with lab) are awarded 1.0 high school science credits, then all college-level dual enrollment science courses (with lab) will be awarded 1.0 high school science credits.
- College-level dual enrollment science course **taken without a lab component** will be awarded 0.5 high school science credits.
- Note: Section 1003.428(2)(a)3, Florida Statutes, states that high school graduation requirements include successful completion of “Three credits in science, two of which must have a laboratory component.” Regardless of the number of science credits earned through dual enrollment, the requirement of two sciences **with a lab component** must be met to graduate.

Section 1003.428, Florida Statutes, requires three credits in science. One of the three credits must be Biology I or a series of courses equivalent to Biology I, one credit must be chemistry or physics or a series of courses equivalent to chemistry or physics, and one credit must be an equally rigorous course.

Biology I. Faculty reviewers have determined that the content in the sequence of BSCx010 and BSCx011 is comparable to the standards for Biology I and therefore may be used as preparation for the associated End-of-Course (EOC) assessment. BSCx010 and BSCx011 each may be assigned as an “equally rigorous” science course, but both must be completed for equivalency to Biology I and as preparation for Biology I EOC.

TCC Course	TCC Course Title	TCC Credit Hours	High School Graduation Subject Requirement Satisfied	High School Credit Awarded
AST1002	Introduction to Astronomy	3	Equally Rigorous	0.5
BOT1000	Plant Science	3	Equally Rigorous	0.5

PSC1121	Introduction to Physical Sciences	3	Equally Rigorous	0.5

SOCIAL STUDIES

Social studies requirements for high school graduation in Florida are prescribed by statute. Unless indicated on the list below, **all college social science courses taken through dual enrollment receive elective credit.**

United States History. Faculty reviewers have determined that the content in the sequence of AMHx010 and AMHx020 is comparable to the standards for United States History and therefore may be used as preparation for the associated End-Of-Course (EOC) assessment. For any other AMH course or set of courses taken through dual enrollment, the school district and postsecondary institution may determine if that course or set of courses may be used as preparation for the U.S. History EOC. The AMH courses on this list, or those designated by the school district, may each satisfy 0.5 U.S. History credits toward high school graduation.

Economics. Section 1003(4282(3)(d), FS, requires one-half credit in economics, which must include financial literacy. The district and college will determine if the local postsecondary economics course meets this requirement.

TCC Course	TCC Course Title	TCC Credit Hours	High School Graduation Subject Requirement Satisfied	High School Credit Awarded
AMH2010	History of the United States I	3	Social Studies: United States History (EOC)	0.5
AMH2020	History of the United States II	3	Social Studies: United States History (EOC)	0.5
AMH1041	American Experience I	3	Social Studies: United States History	0.5

WHO2012	History of Civilization I	3	Social Studies: World History	0.5
WHO2022	History of Civilization II	3	Social Studies: World History	0.5

PRACTICAL ARTS AND CAREER CREDIT

All postsecondary courses taken through dual enrollment for three credits or higher that are part of a postsecondary career/technical program of study (Technical Certificate, Advanced Technical Certificate, ATD, AAS, AS) shall be awarded at least 0.5 elective credits toward high school graduation.
