Vice President and Provost

**SUBJECT:** Dual Enrollment Articulation Agreements with Liberty County School Board

---

### **Item Description**

This item presents the Dual Enrollment Articulation Agreement between the College and Liberty County School District.

### **Overview and Background**

This agreement is in addition to the agreements for the three districts, in TCC's service district that are approved annually as required by Florida law. The additional agreement included for Liberty County, is accompanied by a letter of permission from the president of Chipola College. TCC is permitted to enter into an agreement with Liberty County High School to provide dual enrollment courses to a limited number of students.

The agreement identifies College and School District responsibilities for informing students and parents about dual enrollment; they address faculty qualifications for teaching; it defines college readiness scores and high school and college GPA requirements as well as procedures for exceptions; it identifies maximum and minimum course loads; it specifies responsibilities for testing and record keeping; and it includes other procedures and timelines.

### **Funding/ Financial Implications**

Dual enrollment students pay no tuition, fees, lab, or online course fees. The school districts pay the standard rate per credit hour, \$71.98, for students taking courses on TCC's campus. This also includes online courses. The school districts also pay for the cost of the instructor if the course is taught at the high school site by a TCC instructor. The school districts are not charged tuition for summer enrollments. Also, school districts do not pay tuition for students who take courses on the high school campus.

### **Past Actions by the Board**

The Board approved these agreements annually.

**Recommended Action**

Approve the dual enrollment articulation agreements with Liberty County School Board

# 2024 – 2025 Dual Enrollment Articulation Agreement

## Liberty County Schools and Tallahassee State College

### Introduction

The Dual Enrollment Articulation Agreement, as required by Section 1007.271(21), Florida Statutes, is made by and between the District Board of Trustees of Tallahassee State College, hereinafter referred to as TSC, and the District School Board of Liberty County, hereinafter referred to as the School Board. The term of this agreement shall commence upon signing and shall end July 31, 2025.

The local Articulation Committee shall consist of the following: Committee members from the School Board will be appointed by the Superintendent of the School Board or designee. Committee members from TSC will be appointed by the President of TSC or designee.

Either party may cancel this Agreement upon thirty (30) days written notice should the other party fail substantially to perform in accord with its terms through no fault of the party initiating the termination. This Agreement may be amended only by written communication signed by the Superintendent of the District School Board of Liberty County and the President of Tallahassee State College.

### I. A ratification or modification of all existing articulation agreements

This agreement replaces any existing agreement with TSC and the School Board regarding the Dual Enrollment Articulation Agreement existing as of the start of the term set forth above.

### II. A description of the process by which students and their parents are informed about opportunities for student participation in the dual enrollment program

It is the responsibility of the high schools in the district to inform students of the availability of the dual enrollment program requirements and currently offered courses through educational planning and guidance process. Each high school will advertise dual enrollment through a variety of methods. High school personnel will direct students to meet with their high school guidance counselors if they are interested in learning more about participation in dual enrollment. High school guidance counselors will review, with the student, criteria for participation in the dual enrollment program. Information will also be available to students and parents on TSC's Dual Enrollment website.

It is the responsibility of the high schools to notify parents about the option for their child to participate in dual enrollment courses through a variety of means.

### III. A delineation of courses and programs available to students eligible to participate in dual enrollment

Section 1007.271(1), Florida Statutes, establishes that “the dual enrollment program is the enrollment of an eligible secondary student in a postsecondary course creditable toward high school completion and a career certificate or an associate or baccalaureate degree”. A student who is enrolled in postsecondary instruction that is not creditable toward a high school diploma may not be classified as a dual enrollment student. Physical education skills courses and college preparatory instruction are not eligible for dual enrollment.

Students enrolled as dual enrollment, early admission, or career dual enrollment shall be exempt from the payment of registration, tuition, and laboratory fees. Students enrolled as dual enrollment, early admission, and career dual enrollment, will be eligible to participate in both high school and college activities as appropriate including graduation and other extracurricular activities. Participation in all college activities must be approved by the Vice President for Student Affairs.

College courses as specified in the Florida Department of Education Articulation Coordinating Committee Statewide Agreement for Dual Enrollment Courses – High School Subject Area Equivalency List are eligible for dual enrollment. This list is available upon request. Eligible courses may be taken in any format that TSC offers them unless otherwise specified in the agreement.

College courses are offered on the main campus, high school campuses, and through distance learning.

#### **Early Admission Dual Enrollment**

Early Admission shall be a form of dual enrollment through which eligible secondary students enroll in a postsecondary institution on a full-time basis (minimum of 12 credit hours and maximum of 15 credit hours per semester) in courses that are creditable toward the high school diploma and the associate or baccalaureate degree. Both the high school and TSC must approve Early Admission for a high school student each semester.

#### **Career Dual Enrollment**

Career dual enrollment is a curricular option of elective credits toward earning the high school diploma and completing a career-preparatory certificate program (PSAV). Career dual enrollment is not intended to enable students to take isolated courses unrelated to a program. The School Board will inform all students of the options available and the eligibility criteria.

For career dual enrollment—both clock hour and college credit—courses and programs must lead toward an approved industry certification from an Industry Certification Funding List in s. 1008.44, F.S.

For 2024-2025, career dual enrollment through TSC is available.

**IV. A description of the process by which students and their parents exercise options to participate in the dual enrollment program**

**Application Process for New Dual Enrollment Students**

Students planning to participate in dual enrollment must do the following:

- Complete [TSC Online Application](#).
- Meet with high school guidance counselor to discuss eligibility and testing options.
- Complete the [Permission to Register Form](#) with your guidance counselor. Your guidance counselor will help you choose courses that will count towards your high school graduation requirements. Please make sure that your guidance counselor lists the courses on the permission to register form and signs the form.
- Schedule a meeting with the TSC Dual Enrollment Coordinator.
- Submit the documents below prior to or during your meeting with the TSC Dual Enrollment Coordinator. Documents can be emailed to the TSC Dual Enrollment Coordinator, or you can bring them to your meeting.
  - Copy of test scores
  - Permission to register form
  - High school transcript (please use the FASTER system)
- During your meeting with the TSC Dual Enrollment Coordinator, you will be registered for your TSC courses that are listed on your Permission to Register Form.

**Application Process for Continuing Dual Enrollment Students**

Students who withdraw from a course after drop/add period are required to meet with counselor and parent/guardian before paperwork will be provided.

Students planning to continue dual enrollment must do the following:

- Meet with high school guidance counselor to discuss course options and scheduling.
- Complete the [Permission to Register Form](#) with your guidance counselor. Your guidance counselor will help you choose courses that will count towards your high school graduation requirements. Please make sure that your guidance counselor lists the courses on the permission to register form and signs the form.
- Schedule a meeting with the TSC Dual Enrollment Coordinator.
- Submit the documents below prior to or during your meeting with the TSC Dual Enrollment Coordinator. Documents can be emailed to the TSC Dual Enrollment Coordinator, or you can bring them to your meeting.
  - Permission to register form
- During your meeting with the TSC Dual Enrollment Coordinator, you will be registered for your TSC courses that are listed on your Permission to Register Form.

## **Application Process for Early Admission Students**

Students planning to apply for early admission must do the following:

- Complete [TSC Online Application](#).
- Meet with high school guidance counselor to discuss testing options.
- Complete the [Permission to Register Form](#) with your guidance counselor. Your guidance counselor will help you choose courses that will count towards your high school graduation requirements. Please make sure that your guidance counselor lists the courses on the permission to register form and signs the form.
- Complete the Permission for Early Admission Form with your guidance counselor.
- Schedule a meeting with the TSC Dual Enrollment Coordinator.
- Submit the documents below prior to or during your meeting with the TSC Dual Enrollment Coordinator. Documents can be emailed to the Dual Enrollment Coordinator, or you can bring them to your meeting.
  - Copy of test scores
  - Permission to register form
  - Permission for early admission form
  - High school transcript (please use the FASTER system)

During your meeting with the TSC Dual Enrollment Coordinator, you will be registered for your TSC courses that are listed on your Permission to Register Form. The TSC Dual Enrollment Coordinator is the only person allowed to register you for your courses

### **Schedule Changes**

Dual enrollment students must comply with the drop/add and withdrawal policies and deadlines published by TSC.

### **Adding and Dropping Classes**

To add or drop from a course(s), during drop/add period, students must provide a written request from the high school guidance counselor verifying that the student has permission to add or drop before the Add/Drop deadline. The request must be submitted to TSC's Dual Enrollment Coordinator using the [Course Adjustment Form](#).

### **Withdrawing from Classes**

After the drop/add period, students must submit a request from the high school guidance counselor verifying that the student has permission to withdraw from a course, using the [Course Withdrawal Form](#). Requests are considered by the district with required documentation only in extenuating circumstances and must be submitted to TSC's Dual Enrollment Coordinator. Students provide request and documentation to school counselor for district review. School Counselor and TSC Dual Enrollment Coordinator will be notified of decision.

**Summer Enrollment**

Students are eligible to enroll in summer courses during June Express.

Graduating high school seniors are not eligible to participate in dual enrollment during the summer. Graduating seniors who enroll in summer classes will be categorized as degree seeking college students and responsible for all instructional materials, tuition and fees assessed.

**Maximum Course Loads**

Traditional dual enrolled students are allowed a maximum of 11 credit hours each semester. All college courses taken must count towards high school credit.

Early admission students are allowed a minimum of 12 credit hours and maximum of 15 credit hours each semester. All college courses taken must count towards high school credit. Special permission is required each semester for the early admission program.

**Weighting of Dual Enrollment Course Grades**

For districts that use a weighted grading system, s. 1007.271(8), F.S., states that “school districts and Florida College System institutions must weigh dual enrollment courses the same as advanced placement, International Baccalaureate, and Advance International Certificate of Education courses when grade point averages are calculated. Alternative grade calculation or weighting systems that discriminate against dual enrollment courses are prohibited.”

**Grade Distribution**

All grades will be reported at the conclusion of each term and accessible by the student through logging into their TSC Workday account, no more than two days after the grade submission deadline passes. Final grades will not be reported in the Canvas Learning Management System.

**Testing and Alternative Placements for Dual Enrollment Eligibility**

Students may demonstrate college readiness and qualify for dual enrollment by using a combination of the following, Reading, Writing, and Mathematics qualifying measures.

Students must provide official score reports to TSC for ACT and SAT, before being registered for courses. Scores must be less than two years old.

High schools must provide P.E.R.T. official score reports and P.E.R.T. test history if students plan to use high school P.E.R.T. scores.

It is the high schools' responsibility to provide P.E.R.T. for dual enrollment eligibility. TSC will work with the high schools and assist with P.E.R.T. testing for special circumstances.

**V. A list of any additional initial student eligibility requirements for participation in the dual enrollment program**

The statutory eligibility requirements for academic college credit dual enrollment include: 3.0 unweighted high school GPA and demonstrated readiness for college coursework through scores on a common placement test (as established in State Board of Education Rule 6A-10.0315). The statutory eligibility requirements for career dual enrollment Career Certificate: 2.0 unweighted GPA.

TSC defines readiness for college-level coursework as placement into college-level Mathematics and/or English and Reading.

Students must place into ENC 1101 with their test scores to be eligible to participate in the dual enrollment program. Students may use alternative placement methods for determining math eligibility as outlined in *Table 1*.

Students who will graduate from high school prior to completion of the postsecondary course may not register for the course through dual enrollment.

Students may lose the opportunity to participate in the dual enrollment program if they are disruptive to the learning process. Procedure is outlined in [TSC's Student Handbook](#).

**Continued Enrollment for Academic Dual Enrollment**

Students must maintain a minimum 3.0 unweighted cumulative high school grade point average. Continued eligibility for college credit dual enrollment requires the maintenance of a 3.0 unweighted high school GPA.

Additionally, the TSC GPA will be reviewed each semester and students must maintain a 2.00 TSC GPA at the time of review as well as a successful completion rate of 75% (C or better). Students will be given a one semester grace period if the TSC GPA is below 2.00 or completion is below 75%. High school students are only allowed one grace period

**Early Admission Eligibility**

Students who wish to participate in early admission must be a high school senior and have an unweighted high school GPA of 3.5 or higher. Additionally, students must have a TSC GPA of 3.0 or higher.

**Continued Enrollment for Early Admission**

Students must maintain a minimum 3.5 unweighted cumulative high school GPA and a TSC GPA of 3.0.

**VI. A delineation of the high school credit earned for the passage of dual enrollment courses**

College courses as specified in the Florida Department of Education Articulation Coordinating Committee Statewide Agreement for Dual Enrollment Courses – High School Subject Area Equivalency List are eligible for dual enrollment. This list is available at <https://www.fldoe.org/core/fileparse.php/7534/urlt/0107226-delist.pdf>. Eligible courses may be taken in any format that TSC offers them unless otherwise specified in the Agreement.

Other courses in the Statewide Course Numbering System, apart from remedial courses and physical education skills courses, can be used for dual enrollment credit and count toward high school graduation, including electives provided these courses are specified in this agreement.

Courses taken that are not listed on the Dual Enrollment Course – High School Subject Area Equivalency List must be identified in the Dual Enrollment Articulation Agreement along with the number of high school credits to be awarded either as an elective or subject area credit.

Section 1003.437, F.S., specifies that “For the purposes of class ranking, district school boards may exercise a weighted grading system pursuant to s. 1007.271.”

**Courses not listed on the Dual Enrollment Course – High School Subject Area Equivalency List**

N/A

**VII. A description of the process for informing students and their parents of college-level course expectations**

Dual enrollment courses meet the curricular expectations and are at the same depth and rigor of non-dual enrollment postsecondary instruction, including dual enrollment courses offered on the high school campus. Students should understand that dual enrollment courses are college courses and the amount of work necessary to succeed may be much greater than in high school courses. In addition, dual enrollment courses become a part of a student’s permanent college transcript and are calculated into the student’s permanent postsecondary GPA.

It is the responsibility of the high schools in the district to inform the students and parents about the college-level expectations. TSC will inform students and parents of college-level course expectations through a dual enrollment orientation. TSC will also inform students and parents of college-level course expectations using the course syllabus which is provided to each student in each college-level course at the beginning of each semester.

**VIII. The policies and procedures, if any, for determining exceptions to the required grade point averages on an individual student basis**

Section 1007.271(3), F.S., allows exceptions to the required GPA on an individual student basis if both parties agree.

Exceptions to High School Grade Point Averages Terms:

Upon recommendation by the principal or designee, a student with an unweighted GPA of 2.75-2.99 may enroll for a maximum of 6 hours of dual enrollment courses provided that the student has shown evidence of ability to do advanced level work through successful completion of Advanced Placement, Honors, or other advanced courses. Continuation of dual enrollment will require satisfactory progress in all college dual enrollment courses as defined in Section V of this agreement and successful completion of all high school courses with grades no lower than “B.” Documentation must be provided to TSC’s Academic Affairs designee.

Exceptions related to serious illness or other extenuating circumstances will be reviewed on a case-by-case basis and must be approved by both the principal and TSC’s Academic Affairs designee.

TSC will provide a form to the high school that must be completed, signed, and returned to TSC before the student will be allowed to continue in the program. A rationale for the exception must be stated on the form.

Students will be given a one-semester grace period during which a review will determine continued eligibility. The grace period can only be used once during the student’s high school matriculation. Students granted eligibility under the GPA exception must meet all progression criteria moving forward to continue enrollment; the allowable grace period was used for initial eligibility.

**IX. Registration policies and procedures for dual enrollment courses as determined by the postsecondary institution**

Students must complete their registration form with their high school guidance counselor. The form must be completed with all the required information about course reference numbers as well as 2<sup>nd</sup> options. The completed registration form will be given to TSC’s Dual Enrollment Coordinator who will register the student for courses that are available at the time the form is received. The following deadlines are established for TSC and may differ from internal deadlines of the Board.

**2024-2025 Deadlines for High Schools:**

**Adding and Dropping Classes**

To add or drop from a course(s), students must provide a written request from the high school guidance counselor verifying that the student has permission to add or drop **before the Add/Drop deadline**. The request must be submitted to TSC's Dual Enrollment Coordinator.

**X. Exceptions, if any, to professional rules and guidelines for instructors teaching dual enrollment courses**

There are no exceptions.

**XI. Exceptions, if any, to rules, guidelines, and expectations stated in the student handbook of the postsecondary institution which apply to faculty members**

Dual enrollment courses are college courses both in content and outcomes. Dual enrollment instructors must meet the teaching credentials established by the Southern Association of Colleges and Schools (SACS). Section 1007.271(5)(a), F.S., governs dual enrollment faculty. These provisions were taken from the *Dual Enrollment Statement of Standards*, which was codified in State Board of Education Rule 6A 14.064, FAC.

Faculty who wish to teach college credit courses that are offered on the high school campuses must complete a [TSC Adjunct Faculty Application](#) and all other procedures required by TSC's Human Resources and Academic Divisions. Applicants must be recommended for hire by the appropriate Academic Dean. Faculty must also adhere to the following guidelines (Florida Statutes, 1007.271 (5a):

Meet the qualifications required by TSC as identified in the TSC Faculty Credentials Manual. The qualifications apply to all faculty members regardless of the location of instruction. TSC requires compliance with these qualifications.

1. Provide TSC with an official copy of the postsecondary transcript.
2. Provide a copy of the current syllabus for each course taught to the division dean or associate dean of the postsecondary institution before the start of each term. The content of each syllabus must meet the same standards required for all college-level courses offered at TSC and must be approved by the appropriate TSC academic division.
3. Adhere to the professional rules, guidelines, and expectations stated in TSC's adjunct faculty handbook.
4. Adhere to the rules, guidelines, and expectations (which apply to faculty members) that are stated in TSC's student handbook.

Dual enrollment courses taught on the high school campus must meet the same competencies required for courses taught on the TSC campus. To ensure equivalent rigor with courses taught at TSC, the high school instructor will provide a comprehensive, cumulative end-of-course assessment and a series of assessments of all expected learning outcomes to the appropriate Academic Dean or designee. The completed and scored assessments must be returned to TSC and held for one year (Florida Statutes, 1007.271 (6a)).

It is the responsibility of the high school dual enrollment specialist to notify TSC's Academic Affairs designee of all courses that the high school is requesting to offer. Each high school must complete the appropriate form for each course that the high school plans to offer. Based on need and faculty availability, TSC will decide what courses can be offered on the high school campus.

Each instructor is responsible for checking their online class rosters every day to ensure the appropriate students are sitting in the class. If a student is not on the roster, the instructor should immediately notify their academic dean. The academic dean should notify TSC's dual enrollment coordinator or Academic Affairs designee.

Advanced Placement (AP) students who do not take or pass the AP examination are not permitted to earn postsecondary credit for the AP course via dual enrollment. Per Section 1007.272, Florida Statutes, no student will be allowed duplicate credit based on enrollment in a joint AP/dual enrollment course. Dual enrollment courses taught on a high school campus may not be combined with any non-college credit high school course, per Section 1007.271 (6d), Florida Statutes.

Dual enrolled students taking courses on the high school campus must submit the same documentation as the student's taking courses on TSC's main campus.

**XII. Responsibilities of the School Board regarding determination of student eligibility before participating in the dual enrollment program and the monitoring of student performance while participating in the dual enrollment program**

The School Board is responsible for determining if the student is eligible to be tested for the dual enrollment program. Students who have a 3.0 unweighted high school grade point average and who have an interest in participating in dual enrollment should be referred to their high school guidance counselors to discuss the eligibility requirements for the program.

The high school must inform all students who plan to participate in dual enrollment of their obligation to complete an online TSC application.

The high school is responsible for advising students relative to ensuring that they meet the requirements for high school graduation. The high school is also responsible for advising students about Bright Futures.

It is TSC's responsibility to monitor student performance in TSC's dual enrollment courses. At the fifth and ninth week of each fall and spring term, TSC will provide early alert reports to a designee of the School Board. The report will include students earning below a 75% average in dual enrollment courses. Additionally, attendance records will be included in the reporting.

The School Board and TSC should exchange student transcripts in order to make sure that students are eligible to continue in the dual enrollment program.

TSC is responsible for assigning grades for dual enrollment courses. The School Board is prohibited from changing any grade (once assigned by TSC) when posting it to the high school transcript.

**XIII. Responsibilities of the Florida College System institution regarding transmission of student grades in dual enrollment courses to the school district**

TSC will transmit student transcripts to the School Board at the end of each semester.

**XIV. Responsibilities for funding that delineates costs incurred by the school district and TSC**

Dual enrollment students shall be exempt from paying registration, matriculation, and laboratory fees.

Textbook Costs & ADA Accommodation Costs

Textbooks will be provided to students by the School Board during both the Fall and Spring semester. Textbooks will be provided by TSC during the Summer terms. Textbooks purchased by the School Board shall remain the property of the School Board as specified in Section

1007.271 (17), F.S. TSC will continue its efforts to reduce the cost of textbooks and materials to the School Board. The costs of ADA accommodations for dual enrollment students with disabilities taking courses on TSC's campus will be covered by TSC. The costs of ADA accommodations for dual enrollment students with disabilities taking courses on the high school campus will be covered by the School Board.

#### Standard Tuition Rate

Per the 1007.271, F.S., the School Board is required to pay the standard tuition rate per credit hour to TSC for instruction taking place on TSC's campus for dual enrolled students. The approved standard tuition for FY 2024-2025 is \$71.98. The rate will be charged for courses taking place on TSC's main campus, TSC's educational centers, and distance learning courses.

TSC will not charge tuition to the School Board for Summer 2025 dual enrollment students. TSC also will not limit dual enrollment participation based upon capacity, F.S. 1007.271(4) in any term.

TSC will use the fees collected to enhance the dual enrollment program. TSC will promote dual enrollment participation, increase capacity, and enrich the quality of services associated with the dual enrollment program. The School Board's payment of tuition to TSC will increase the number of counselors available to the dual enrollment program in order to recruit more dual enrollment students and to help prepare students for transition to college, to counsel students in meta-majors and programs of study, and to track and provide feedback to students on their progress. TSC will also provide high school faculty and counselor training for dual enrollment.

#### Instructional Costs

It is the responsibility of the School Board to provide full instructional costs for dual enrollment occurring on the high school site. For instruction occurring on the high school sites by college faculty, the School Board must reimburse TSC for the costs associated with the proportion of salary and benefits.

TSC cannot guarantee the availability of instructors for dual enrollment classes offered at the high school. Schools can assist TSC by recommending qualified School Board instructors for consideration for teaching dual enrollment courses offered at the high school.

TSC regularly uses high school faculty to teach both dual enrollment and regular TSC courses and incorporates training, mentoring, and assessment of these faculty into its regular adjunct program. Therefore, TSC's costs associated with instruction occurring on the high school site by TSC approved high school faculty who are paid by the School Board will be considered a normal part of TSC's obligation to its faculty for training and mentoring; no costs will be assessed.

#### Invoicing for Financial Obligations

TSC will invoice the School Board for financial obligations within 21 business days of TSC's Census date which is normally after the 5<sup>th</sup> day of class each semester.

A second invoice may be generated for all students who enroll in an express session if that student is not included in the main session invoice.

The school district is responsible for any student who fails to withdraw after the add/drop period.

Before invoicing, each district will need to verify enrollment. Once verification has occurred, there will be no changes to the invoices.

**XV. Responsibilities for Student Transportation**

It is the student's responsibility to provide his or her own transportation.

**XVI. Responsibilities for services and resources that are available to students with disabilities who register for enrollment**

By this agreement, Section 1007.271(25), F.S., requires that the dual enrollment articulation agreement include services and resources that are available to students with disabilities who register for dual enrollment.

Tallahassee State College provides services and facilities accessible to, and usable by, all qualified students with disabilities. TSC will ensure educational access by providing reasonable and appropriate accommodation for those students who provide the proper documentation. An Individual Education Program (I.E.P) filed with the student's home school will suffice as appropriate documentation to receive necessary accommodation.

TSC provides physical, academic, and program access including: Extended time testing, Note-taking Services, Reader Services, Recorders, Audio Books via LearningAlly.org, E-Texts, Adaptive technology, Math accommodations, Sign Language interpreters, and Spelling accommodations.

**IN WITNESS WHEREOF**, the School Board of Liberty County, Florida and The District Board of Trustees, Tallahassee State College, Florida have adopted this agreement and caused it to be executed by their respective chairs and chief executive officers, in accordance with Section 1007.271, F.S., Dual Enrollment Articulation Agreements.
