

TCC Foundation

ANNUAL REPORT | 2020-2021

Together
WE SOAR

Message from the President

Tallahassee Community College's many strengths have served us and the community we serve well during a year of unprecedented challenge.

In 2019, the District Board of Trustees approved a new strategic plan framework. As a result of our planning efforts centered on strategic priorities of access, student success, workforce, partnerships, and resources and efficiency, we were able to not only survive the greatest disruption in the history of education with the COVID-19 pandemic, we thrived. Last fall's student success rates increased across all demographics by nearly 3% and our retention rate rose to 11% above the national average. Here are a few highlights.

ACCESS

TCC strengthened our pathways to provide greater accessibility for high school graduates resulting in an increase of 60% more Black students entering during the summer and a 94% dual-enrollment success rate. Additionally, we created a new course modality, TCC LIVE to meet students where they are

STUDENT SUCCESS

Our team redesigned the new student orientation and advising processes around our CARE initiative to prioritize personal connections, ownership and continuity, and measurable outcomes when onboarding our new students. We also embedded integrated, targeted support services into gateway courses to ensure students have access to help when they need it most.

WORKFORCE

We launched the TCC2Work Be Essential campaign to highlight rapid-credentialing programs for unemployed, underemployed or furloughed workers during the pandemic, and provided hundreds of thousands of dollars in scholarships for in-demand workforce programs.

PARTNERSHIPS

TCC partnered with the Association of College and University Educators (ACUE) to prepare, credential, and provide on-going support to our faculty in the use of evidence-based teaching practices that promote student engagement, learning, persistence, and career readiness. We also partnered with local school districts to provide post-secondary opportunities for the most under-served populations in our service district through ASPIRE.

RESOURCES & EFFICIENCY

We partnered with the TCC Foundation and leveraged federal aid to provide critical scholarships to more students than ever before. We disbursed \$3.8 million in CARES Act funding, supported 1,691 students who were facing eviction, and the TCC Foundation allocated 27% more scholarships.

None of this would be possible without donors like you. Because of you, students who would have never had the opportunity to attend college are realizing their academic and career goals, and many programs that help us with our teaching and learning efforts are now a reality.

Our future success will be defined by how we emerge from the pandemic, as a stronger, more responsive institution. I am grateful to have your support as we move into the future.

Thank you,

*Jim Murdaugh
President, TCC*

Together
WE SOAR

Message from the Foundation

Dear TCC Friend,

We are happy to share with you the Tallahassee Community College Foundation's 2020-2021 Annual Report. This year brought more challenges and disruptions to our institution than ever before. But while COVID 19 brought the world to a complete stop, we knew we couldn't. Students were counting on our team.

When the college closed its physical doors in March of 2020, the TCC Foundation created the Eagle Relief SOS Fund, a COVID-19 crisis student emergency relief fund. And thanks to you, our generous donors, we raised over \$63,000 in one week to provide everything from laptops to gift cards for groceries or assistance for utilities

for students who suddenly found themselves in challenging situation. Students always come first at TCC. The Foundation allocated \$724,784.17 in scholarships for the 2020-2021 Academic Year, a 35% increase from the previous year. These funds were critical to ensure that students could/would continue their educational journey.

Through this disruption, the TCC Foundation saw great opportunity and worked to take advantage at every turn. These opportunities only existed because of YOU.

Your support helped bridge gaps until federal funding was available to help students.

Your support provided critical scholarship dollars.

Your support provided laptops and food to our students that needed these resources.

Your support helped us become one of the Top 10 community colleges in the NATION.

On behalf of the students, faculty and staff of TCC, thank you for your continued commitment to Tallahassee Community College. We are excited about the 2021-2022 Academic Year and having students return to campus in great numbers. And thanks to you, we will be ready for them!

Thank you,

***Dr. Russ Rainey
President, TCC Foundation
Board of Directors***

***Heather R. Mitchell
Executive Director, TCC
Foundation***

Students Soar*

#EaglesRelief SOS Campaign

Responding quickly and enthusiastically to the COVID-19 pandemic, TCC supporters raised more than \$63,000 for the Support Our Students Eagles Relief Fund. Tallahassee Community College's top concern is the safety and needs of our students, so the #EaglesRelief SOS Fund was created during the pandemic to support new technology for online learning, necessities such as food and housing, and support for those whose wages stopped due to the pandemic.

Some of our most vulnerable students were challenged to afford housing, transportation, and basic needs. Creating this emergency student fund allowed us to take crucial and immediate action to serve our students. We purchased \$20,000 in laptops, which were then given to students who otherwise would not have been able to complete their online coursework.

TCC Foundation Executive Director Heather Mitchell remarked, "We are so grateful to those donors who supported the SOS Fund. Your generosity has allowed us to take immediate action on critical items like new technology needs and restocking our food pantry."

Endowing Programs

In the academic world, funding a chair is a much bigger commitment than buying a piece of furniture—and it has a much bigger impact. Endowed programs are at the center of outstanding academic programs and their effect radiates across the campus and beyond. The TCC Foundation has worked with donors to create endowed programs that support a variety of areas on our campus - the arts, student veterans, and facility enhancements. Each of the program endowments have profound impact on our students and assist faculty and staff in knowing that they have funds to address issues and needs.

This past year, the TCC Foundation was able to work with Marianne Fischer to establish The Fischer Fund. This fund was created to support TCC's newly created Scholars Program, a unique program of leadership and academic excellence designed to recruit outstanding high school graduates who are enrolling in their first year of college studies. The purpose of the program is to promote academic excellence, leadership growth, entrepreneurial mindset, career readiness and to provide an opportunity for exceptional student achievement so that students may reach their highest potential toward graduation, university transfer and employment.

Returning students are not eligible for scholarships such as Bright Futures that are available only to first-time students

70% of our students work part-time to help support their education

\$

60% of our students receive some type of financial aid

Helping Students Soar with Scholarship Opportunities

Financial need is cited as the single greatest barrier for obtaining a college education. At TCC, we believe that we must help those students who have demonstrated their potential to succeed, but who simply do not have the financial means to attend. This past year, we were pleased to secure two very special scholarships that helped our students SOAR.

The first was the Sopchoppy Resident Scholarship. Created by an anonymous donor, this scholarship has grown to be a \$250,000 endowed fund that provides tuition dollars to students residing in Sopchoppy that wish to attend Tallahassee Community College. In its first year, this scholarship provided dollars to three students for their fall, spring and summer semesters at TCC. We are excited to see this expand and hope that it encourages more students from Sopchoppy to enroll at TCC.

The second was the creation of the Ken & Jean Boutwell Scholarship. This is the second scholarship established by this local couple at TCC. This fund was created to support students of color that participate in TCC's Black Male Achiever's Program and Sister 2 Sister Program. The fund provides for four scholarships annually, two for each of these programs on our campus. Ken and Jean have long been advocates for those that needed a voice, and this scholarship speaks to that commitment. Jean passed away in November 2020, and we are pleased to continue her legacy, along with Ken, at our institution.

*How You Helped
Faculty and Staff
Soar*

Thank You TCC's Essential Workers

What a strange year for college campuses across the globe. On a typical day at TCC, we would see thousands of students, some lounging on our green spaces, others filling the Student Union, shooting hoops in the Lifetime Sports Complex, and visiting our two art galleries.

While that has not been the case this year, there has still been much hustle and bustle on TCC's campus. Our **Essential Workers** never stopped taking care of our beautiful campus. Our Facilities Crew, our Grounds Crew, and our Police Department never missed day and continued to ensure campus would be ready for the return of students and faculty. We are grateful to them and their work as we look forward to a full opening in Fall of 2021!

College Innovation Fund Awards 2021

The College Innovation Fund provides financial support for faculty and staff to develop and implement innovation projects that will increase student success at TCC.

The Foundation awarded \$36,200 in two grants to support the following:

WRITING CHAMPIONS

This project creates a program similar to Math Champions. It is a peer writing mentor program for students in ENC 1101.

HONORS GRADUATE RECOGNITION

This project creates a recognition wall to display the names of students in TCC's Honors Program.

Together
WE SCAR

Eagles RISE

Each year, the TCC Foundation welcomes back faculty and staff with a fun-filled celebration in our lifetime sports Complex. This year, our event looked a very different: we went virtual!

Our Eagles RISE planning committee spent the summer building a welcome back event like no other. We created a two-hour live broadcast where everyone on campus could come together online. Our program was spent celebrating our Aspen top 10 Community College rating, discussing campus updates and strategic plan, and providing guidance on how the College would navigate through the pandemic and stay connected with our students. We also played games, held prize giveaways, honored employees and built college morale. Eagles RISE was a success and a great way to kick off the new academic year!.

Honoring Dr. Jean English-Hurst

Dr. Jean English-Hurst was the founding theatre director and an English professor at TCC. She was hired in 1969 to teach English and began the theatre program that year, directing and producing plays in her classroom.

Dr. English-Hurst chaired the theatre department for a decade and helped design the Fred W. Turner Auditorium. In 1981 she became the Freshman English chair and served in that position until 1990. During her tenure she created and chaired the TCC Signature Seat Program, designed to raise funds to support the theatre department.

In 2003 Jean and her husband Ralph established the Ralph and Jean Hurst Collection at TCC through a donation of his artwork. The Ralph Hurst Gallery underwent a total renovation this past year. The newly renovated gallery, a \$100,000+ project, allows for more floor space, more wall space, and updated lighting system. The space was unveiled at a special event on April 20, 2021.

To honor the impact of Jean's work and their donation of her impressive art collection, the College dedicated the Courtyard outside the Hinson Administration Building as

the Dr. Jean English-Hurst Courtyard. The Courtyard is anchored by the beautiful bronze piece – Celebration – created by Ralph Hurst and gifted as a 5-year anniversary present to Jean.

We are so very grateful to Dr. English-Hurst for her impact at TCC and are happy to honor her in this way.

*How You Helped
Us Soar*

Raising Our Game for TCC Athletics

2020-2021 marks the 30th Anniversary of TCC Athletics. Since being re-established in 1990, TCC's Athletics Program has been among the upper echelon in the National Junior College Athletic Association. TCC Athletics also offers our students life lessons on the field, court, and track they may not be able to discover in the classroom.

The Raising Our Game campaign is a \$3 million investment for two major areas in our Athletic Program: facility enhancements and endowed student-athlete scholarships.

TCC received \$1M from Blueprint's Intergovernmental Agency and those funds will be matched through a combination of individual donations and grant funding. The overall total equates to \$2.5 million for the athletic facilities and \$500K to endow student-athlete scholarships.

Leading the way to our goal, Wayne and Betty Edwards have made a gift of \$100,000 to support the Raising Our Game campaign. The Edwards family has been engaged with TCC Athletics for many years. Wayne served on the Hiring Committee that brought Coach Mike McLeod to TCC. Wayne and Betty's son played first base for TCC Baseball in the 1990s. Back then, TCC Athletic Facilities were used by FSU as we had the only indoor batting facility in the community. "Supporting the TCC Athletics Program in their first ever campaign was a very easy decision for my family as we know first-hand the benefits of this program and what I can mean to those seeking to play post-high school sports," said Wayne Edwards. "We are pleased to be able to provide support."

A project of this magnitude is expected to bring a surplus of job opportunities for the city and Leon County. Alone, TCC baseball and softball tournaments held at these renovated sites could exceed over \$2.3 million generated for the area in travel and tourism.

Blue & Gold Society

The Blue & Gold Society was created to recognize businesses and business leaders that provide outstanding support to TCC through their interactions with students, faculty and staff, as well as through donations of resources, time, and talent.

From funding scholarships to program support, community businesses and organizations from across all sectors showed up for TCC in spectacular ways during this challenging year. To them, we are so grateful for their support and dedication to the success of the College.

The President's Talon Award

Represents the gift of time. These award recipients have committed to a relationship with TCC, our faculty, staff, and with our students to help them gain knowledge and real-world experience to prepare for the workforce.

The Golden Eagle Award

This award is to recognize a business or organization's support of TCC that continues to grow annually. Honorees in this category have provided support to a class and/or a College department, financially supported a fundraising campaign or key College event, and /or provided support to our faculty and staff. Honorees in this category also provide volunteer support to the College, encouraging their leadership and employees to provide in-kind support to the College.

The Nobilis Aquilae, or Noble Eagle Award

This is the highest award presented in the Blue and Gold Society. Honorees have provided long-term, mission-focused support to the College for many years - in the classroom, supporting college departments and programs, providing critical dollars to support student success and collaborating on projects that move the College forward.

Grants

Grants allow TCC to make an impact by providing critical funding for programs that would likely not exist otherwise. The Foundation is often called upon to provide required matching funding as a component of the grant application, making the work of the Foundation that much more important.

SOME OF THE GRANTS AWARDED TO TCC THIS YEAR:

Florida Department of
Corrections Grant

\$118,913

In partnership with the Florida Department of Corrections, funds the creation of a pre-apprenticeship program at Gadsden Re-Entry Center located on the College's Florida Public Safety Institute campus. This program will create a pre-apprenticeship program with the Independent Electrical Contractors (IEC). - Electrical Apprenticeship program.

Florida Department of Education
Be Essential Campaign

\$374,014

This Florida Department of Education grant expands the current Be Essential (COVID disrupted employment) campaign to include 16 – 18 weeks or less programs that lead to in-demand industry certifications. A larger majority of the funds will be used for tuition assistance scholarships addressing the cost of industry recognized certifications. Also 75% of the dollars will be used to target programs that lead to middle/high skill wage opportunities

Rebuild Florida Workforce Recovery
Training Program

\$3 Million

The Florida Department of Economic Opportunity granted \$3 million to create workforce training programs for those communities impacted by Hurricane Michael. The programs will take place in Leon, Gadsden, and Wakulla Counties and will train almost 500 people.

GRANT ACTIVITY

This has been a historic year for the Department of Grants and Special Projects. For our fiscal year of July 1, 2020 – June 30, 2021, we have been awarded \$8,385,470 from 31 grants.

1 Grant

Academic Affairs
\$329,516.00

2 Grants

Heroes in Public Safety

Heroes in Public Safety was created to recognize and honor public safety personnel who put their lives on the line and provide direct support for the safety and protection of Florida's citizens and visitors. This year's program included two critical components.

The first component was our inaugural Heroes in Public Safety Conference for first responders. This virtual conference presented three days of sessions, case studies, and in-depth workshops specifically dedicated to how first responders can better work together to ensure the safety of our community. Over 40 sessions were offered, with presenters from across the nation discussing best practices along three themes: Prevention, Intervention, and Response.

The second component was our Heroes in Public Safety Banquet recognizing 17 individuals across the public safety sector and honoring their dedication to our communities.

Hops & Half Shells

The Foundation hosted not one but two Hops & Half Shells races—one in November 2020 and another in April 2021. Runners turned up to take in the environmental beauty of the Wakulla Environmental Institute (WEI) course, win door prizes, and enjoy freshly farmed oysters and locally brewed beer. Each race saw over 230 runners, with \$6,000 in funds raised to support scholarships and programs at WEI.

Bringing TCC to You

While you couldn't come to campus, we decided to bring campus to you! This started with our Eagle Quarant-Team Packets sent to donors in April 2020 that included: mask, hand sanitizer, puzzles, coloring pages and pencils. It was our way of saying, "We love you, be safe!"

This effort continued as our first ever Virtual Graduation—with over 3,000 participants from across the nation—tuned in to honor our graduates. We presented short videos over the summer extolling what was happening on campus, both in person and virtually. As summer came to an end, we began to plan for small gatherings, per CDC guidelines, to celebrate our TCC Alumni Hall of Fame 2020 Class and a President's Circle event that was a hybrid of both in person and via ZOOM. We also launched the Visits with a VP lunch series via ZOOM.

It was important to us that you continued to see your impact on TCC, and we are grateful that you engaged with us.

Connecting with Our Scholarship Donors and Recipients

This year, the Foundation allocated over \$724,000 in scholarship funds for Fall 2020, Spring 2021 and Summer 2021—a 35% increase. Usually, we host two events to connect Scholarship Donors with their Recipients. COVID-19 forced us to rethink how to make this connection happen. On October 21, 2020, we held our first ever Virtual Scholarship Donor/ Recipient ZOOM Event, and it was a great success. With over 200 participants attending, donors were able to hear from students and students were able to hear from donors. Utilizing the Break Out Room function in ZOOM helped us to connect donors with their recipients.

Cleaver & Cork

TCC welcomed Geoffrey Zakarian, Iron Chef and restaurateur, to the sixth annual Cleaver & Cork Food and Wine Festival. The festivities kicked off with the Progressive Cocktail Party, where guests wine and dined at local restaurants offering their take on Chef Zakarian's recipes.

At the following events in the Cleaver & Cork series, Chef Zakarian wowed attendees with a live cooking demonstration. The Signature Dinner—the star of the show—showcased a formal four-course meal paired with fabulous wines.

An exciting new event was introduced to the Cleaver & Cork lineup this year: Uncorked on Campus, a food and wine festival. Here, guests could visit vendors from local restaurants and bars, attend master classes with chefs and sommeliers, and enjoy live music with a visit from Chef Zakarian.

This year, proceeds from Cleaver and Cork were earmarked to support the Raising Our Game Athletics Campaign—a \$3 million effort to raise funds for facilities enhancements and student-athlete scholarships.

President's Circle Members

Community and corporate leaders who are committed to advancing the mission of TCC make up the President's Circle. Their unrestricted donations of \$1000+ each year enable the College's leadership to meet the higher education needs in our community. This year the President's Circle helped fund the renovation of the Costopoulos Kubiak Family lecture hall, the Undergraduate Research Symposium, as well as supported the College Innovation Fund.

Many thanks to each member for your investment in student success at TCC.
